

Wine tasting is fun!

But looking at a wine map for more than 30 seconds can easily make your head spin. There are over 100 wineries in just Dry Creek and Alexander Valley alone. Averaging two new places a week, it would take you over a year to visit them all, assuming that no new wineries show up. So what is the best way to choose which winery to visit?

Haydn is here to help.

If you're looking for a wine tasting experience where you'll be treated like family at wineries that are intimate and friendly, look no further. In *Wineries Beyond Napa Valley* with Haydn, the author provides a first-hand account of 20 hidden gems of the region, ones that might be just off the beaten path. You'll learn everything you need to know for your next wine tasting trip to Dry Creek and Alexander Valley. From prices to wine styles and photographs of the tasting rooms and grounds, Haydn tells you what you need to know, including hours of operation, appointment or no appointment, and gives you some insight of the area along the way.

He also provides valuable tasting tips and techniques so you can maximize your wine tasting experience plus the pros and cons of joining wine clubs.
